

The Glory Light

By: Mrs. Irene Williams

Darkness covered. No light to avail.
Sick and in pain; a surgery had failed.
No one understood what all this entailed.
I just knew God would prevail.
My body wracking with pain – and trying to work, too.
Worrying about my job and family, too.
I prayed to God to help me and bring me through.
He said, “Don’t you worry. That – I’ll do.”
God had shown me in a dream what would be
If I didn’t seek further help immediately.
An angel visited me soon after the dream at work one day,
A stranger who did not come to stay.
He told me about my condition before I could speak,
And asked me if I was sick as I sat in my seat.
I lied to the angel because I didn’t understand –
Wondering to myself, “Who is this man?”
The angel told me I was sick
And got up in my face and shook his finger at me
And commanded me to get help now without delay.
The angel then vanished without a trace.
I began to tremble as I stood to my feet,
Realizing I had just lied to an angel who had just visited me.
It was at that very moment that God spoke so clearly to me...
A soft Voice whispered, “It’s Me...
Didn’t you pray and ask Me what to do?
I am here to help you.”
It was with a repentant heart
That I asked God to forgive me

The Glory Light – continued...

For taking offense to the angel and not being truthful.
In prayer and supplication, I had made my request known.
The angel showed up, and the Glory Light was shown.
That very day – it was through the Holy Spirit
That God revealed to me the process step-by-step -
The help I needed to seek for my condition.
Every step I took was ordered by the Lord,
And I obeyed all of His instructions.
God guided me all the way.
He led me to a good place – where God ordered me to be.
God used the surgeon specialist's hands and skills
So His Glory would be revealed.
Because unto the angel's command I did yield.
From further harm, God did shield.
The dream - God had shown me – would not be
Because it's God's Glory He wanted people to see.
A difficult time I did face.
God gave me humility and His grace.
Today, scars I have, and pain I do feel - but I give testimony
For sure – God will deliver, and God is real.
